

## Area of Composite Shapes Worksheets (Rectangles)

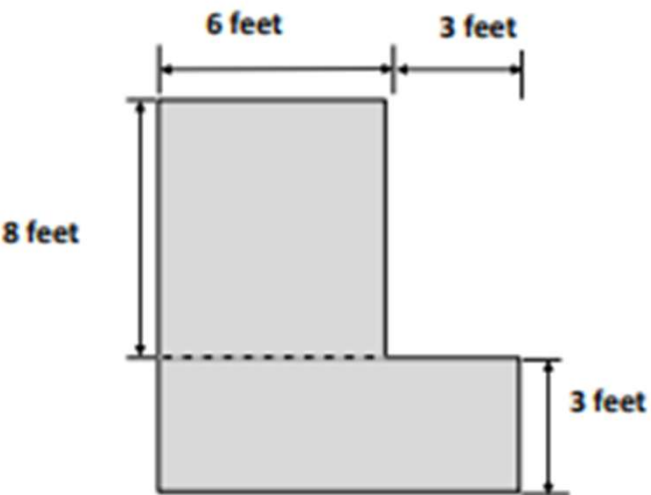

1. Find the area of each of the following figures. All figures are made up of rectangles.

## Area of Composite Shapes Worksheets (Rectangles)

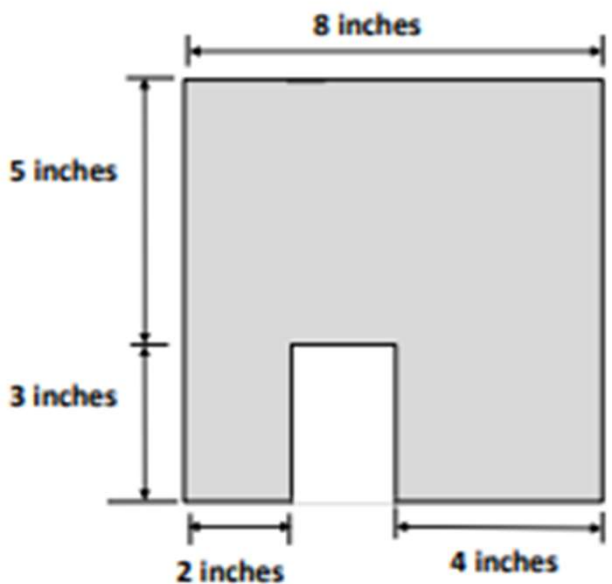

1. Find the area of each of the following figures. All figures are made up of rectangles.

a.

$6 \times 8 + 3 \times 9$   
 $= 48 + 27$   
 $= 75 \text{ sq ft}$

b.

$8 \times 8 - 2 \times 3$   
 $= 64 - 6$   
 $= 58 \text{ sq in}$
