

## Ordinal Number Worksheets

A vertical line represents a race track. At the top, two checkered flags are attached to a pole. Six black dots are placed along the line, each corresponding to an animal and a box containing a number and its ordinal form. From top to bottom, the animals and their positions are:

- A zebra (4th place)
- A purple and yellow striped snake (2nd place)
- A lion (1st place)
- An orange and white striped cat (3rd place)
- A blue and white striped snail (6th place)
- A grey and white striped cat (5th place)

4	fourth
2	second
1	first
3	third
6	sixth
5	fifth
