

Writing Expressions Worksheets

1. Write an expression to show the difference of 3 and p .
2. Write an expression to show 4 less than the sum of g and 5.
3. Write an expression to show 4 decreased by the sum of g and 5.
4. Write an expression showing the sum of 8 and a number f .
5. Write an expression showing 5 less than the number k .
6. Write an expression showing the sum of a number h and a number w minus 11.

Writing Expressions Worksheets

1. Write an expression to show the difference of 3 and p.

$$3 - p$$

2. Write an expression to show 4 less than the sum of g and 5.

$$g + 5 - 4 \text{ or } 5 + g - 4$$

3. Write an expression to show 4 decreased by the sum of g and 5.

$$4 - (g + 5) \text{ or } 4 - (5 + g)$$

4. Write an expression showing the sum of 8 and a number f.

$$8 + f \text{ or } f + 8$$

5. Write an expression showing 5 less than the number k.

$$k - 5$$

6. Write an expression showing the sum of a number h and a number w minus 11.

$$h + w - 11$$
