

Writing Expressions Worksheets

Write each expression two ways: using the division symbol and as a fraction.

1. Three divided by 4
2. The quotient of m and 11
3. 4 divided by the sum of h and 7
4. The quantity x minus 3 divided by y
5. The quotient of k decreased by 4 and 9

Writing Expressions Worksheets

Write each expression two ways: using the division symbol and as a fraction.

1. Three divided by 4

$$3 \div 4 \text{ and } \frac{3}{4}$$

2. The quotient of m and 11

$$m \div 11 \text{ and } \frac{m}{11}$$

3. 4 divided by the sum of h and 7

$$4 \div (h + 7) \text{ and } \frac{4}{h + 7}$$

4. The quantity x minus 3 divided by y

$$(x - 3) \div y \text{ and } \frac{x - 3}{y}$$

5. The quotient of k decreased by 4 and 9

$$(k - 4) \div 9 \text{ and } \frac{k - 4}{9}$$
